1. [redacted] a vessel lying at anchor near the coast about half-way between Svyatoy Nos (N 8-10, E 39-48) and Gorodetskiy Point (N 69-34, E 32-50). The vessel was about seven to eight miles distant. The vessel looked like a small naval vessel and was about 200 feet long with a single stack. It was towing a box-like object, about 200 feet long and forty to fifty feet high, which was possibly a small floating dock.
